

Description

The Pressure Wizard with Bluetooth is worldwide the first of it's kind. It automatically drops pressures in 4 tyres at once, saving time, reducing the risk of human error and all of this with 0.0025bar (0.036psi) internal accuracy. Designed and manufactured in top standard using experience from the Dakar Rally and several 24h Endurance races. Made to optimize the tyre mechanic's workflow by allowing him to work on the tyres or do anything else, while the Pressure Wizard drops the pressures. Equipped with Li-Ion battery for portability, which last for about 20 sets of tyres and can be quickly recharged. Connect to the device via Bluetooth from your mobile device and manage tyres remotely.

Specification

Sensor resolution:	0.0025 bar (0.036 psi)
Max operating pressure:	8 bar (116 psi)
Max measured pressure:	2.5 bar (36 psi)
Valve flow rate:	180 l/min @ 2 bar
Valve flow rate:	6.6 SCFM @ 30 psi
Valve type:	Normally closed, solenoid operated
Air hoses length and connectors:	4 x 1.2m / Screw-on Schrader
Operating voltage:	DC 12.6V / 3A
Battery type:	3 cell Li-Ion
Battery capacity:	2600mAh / 32.8 Wh
Display type:	LCD with LED illumination
Wireless communication:	Bluetooth LE
Case material:	Extruded Aluminium
Operating temperature:	-5°C to 40°C
Storage temperature:	-20°C to 60°C
Weight:	1.7kg (60lbs)
